EVANGELISM EXPLOSION  
INTERNATIONAL

● **By God's grace, we help  
make evangelism happen.  
Let us help you.**

**Evangelism Explosion International**  
is a ministry that equips people how to **share** their faith  
in Christ. We work through the local church body  
worldwide equipping pastors and their laypeople who,  
in turn, equip the members of their congregations.

### **Share the Good News – and the human voice finds its most meaningful expression**

EE utilizes a proven formula of training components including prayer, Bible verses, a Gospel outline, illustrations and actual on-the-job training where the experienced lead the inexperienced. In small, incremental steps, the inexperienced gain confidence as they learn a Gospel presentation and also discover that people are interested in spiritual matters.

### **Evangelism: not a gift – but an act of obedience**

It is our desire to help prepare you, and your congregation if you are a pastor, through learning a biblically complete Gospel presentation.

Knowing that the Lord prepares the harvest, we equip you with the confidence to share the Gospel with the people He brings into your life.

As people learn and experience professions of faith in Christ then they, in turn, will equip others with the Gospel who will equip yet others putting the principle of spiritual multiplication into practice.

### **Why keep the Gospel to yourself?**

We offer training tools across all generations that provide not only the message but also methods of delivery that make sense to new generations.

- Equip your congregation boldly and confidently to GO with the Gospel
- Discover an easy way to share your faith in Christ
- Avoid those hurdles of nervousness that strangle most believers
